SUBJECT: 4TH ANNUAL "CUTS FOR A CURE" EVENT – OCTOBER 17, 2011

To Whom It May Concern:

I would like to introduce myself. My name is Jami Lewis and my husband is Michael Lewis. We own Amplify Salon & Spa and Amplify Studio, both which are Aveda Concept Salons. At Amplify we are committed to women's health issues. Breast Cancer Awareness and the early prevention thereof is something we, along with Aveda, feel very strongly about. October is Breast Cancer Awareness month and we are hosting our 4th annual "Cuts for a Cure" fundraiser event to benefit the *Joy to Life Foundation*. This year's event will be held on October 17th from 10:00am to 6:00pm at Amplify Salon & Spa located at the A&P Lofts in Old Cloverdale. We will provide services such as haircuts, consultations, cosmetic sessions, waxing services, and 15-minute stress-relieving massages by our professional staff members. All proceeds for this event will be given to the *Joy to Life Foundation* who provides mammograms for medically underserved women from 40-49 years of age. The *Joy to Life Foundation* was founded in 2001 by Joy and Richard Blondheim and was created to fund mammograms for women less than 50 years of age in the tri-county area that cannot afford them; and since then they have expanded to 29 counties throughout the state. State funds provide mammograms for women over 50 years of age – which leaves a significant gap in the welfare of our community. The *Joy to Life Foundation* makes a difference in the lives of the many women we serve – and in our community. We want your company to be a part of that mission. We want your company name to stand with other leading area firms, as together we raise awareness for breast cancer in Alabama. Informational packets and literature about breast cancer awareness to promote early detection will be given out at the event.

Breast Cancer is an issue we all have been or either will be affected by from a loved one or friend; and we strongly believe that the only way we can help prevent this is by financial support, early detection and research. The A&P at Old Cloverdale is a well known landmark in Montgomery with an abundant amount of traffic and we feel that this location is a great place for the community to come together for such an important cause.

Please visit www.joytolife.org to learn more about this wonderful organization that's making a difference in our community and South Central Alabama.

In Great Appreciation,

Michael & Jami Lewis
